Come here an overview of the new Wechsler Intelligence Scale for Children®—Fifth Edition (WISC-5). The WISC is available in two formats: the traditional pencil-and-paper format and the digital format on Q-interactive. Features of both systems will be discussed to help you make decisions for your districts.

We will also briefly discuss other new digital options from Pearson including the Q-Global Scoring and Reporting system and Review 360 for managing all the behavioral data for your Positive Behavioral Interventions and Supports (PBIS) and special education programming needs.

Presenter:

**Michael Grau, Psy. D.**
